

SOLUTIONS

PRODUCTION ART AND PAGE ASSEMBLY

Embassy Graphics provides high quality production art and page assembly using the latest computer software. Whether you have a one-time need or regularly require freelance production art and page assembly, our experienced desktop professionals produce print-ready page files to your exact specifications.

SERVICES

- **Page Layout using QuarkXPress, PageMaker or Indesign**
- **Graphics Creation using Illustrator or Freehand**
- **PhotoShop Image Manipulation**
- **Black & White, Color and PDF Proofs**
- **Proofreading**

FEATURES, ADVANTAGES AND BENEFITS

■ **Page Production Experts**

Our experienced production experts have the kind of outstanding technical skills and insightful knowledge of typography needed to create printer-ready files.

■ **Freelance Network**

Our in-house expertise is augmented and complemented by a full service network of experienced freelancers. This arrangement gives us the flexibility to take on extra workloads and large-scale projects, and to meet the most demanding deadlines, while keeping overhead costs at a minimum.
